Meet The Team

Elena Balducci

Elena Barducci (Right)
B.Ed. (IMSLE, Aus)
MSL Educational Specialist

Elena is the newest team member of *The Learning Toolbox*, here at the TLC Centre.

Elena is an **Multisensory Language Educational Specialist** with over 22 years teaching experience. During this time, Elena has held the positions of Assistant Principal and Literacy and Numeracy Co-ordinator. Elena has extensive skills, knowledge, and experience working with children to develop their Literacy and Numeracy skills.

Elena is currently studying her Masters of Disability Practice and Leadership.

Meet The Team

Welcome Back Katelyn!

Katelyn Dyason PhD
Psychologist |
Clinical Psychologist Registrar

KATELYN DYASON
PSYCHOLOGY

*Katelyn is now
accepting
new clients with
no waitlist!*

This month, we welcome back Dr Katelyn Dyason!
Dr Katelyn is a registered psychologist and clinical psychology registrar with over 7 years clinical experience.

Katelyn loves working with children and young people and has experience working with a variety of presenting problems. She particularly enjoys working with obsessive-compulsive disorder (OCD), ADHD, anger/rage, autism, anxiety, depression, parenting, stress and studying/university difficulties.

Katelyn believes fun should be part of any successful therapy encounter and loves engaging with clients on their level, using humour, fun and games. Katelyn is neurodiverse-affirming and LGBTIQ+ welcoming. She welcomes all people and all feelings – no matter how big or small.

Meet The Team

Naomi To

Naomi To

BMedSci

Speech Pathologist Assistant

This month, we welcome Naomi to our TLC Centre team!

Naomi joins the team as a speech pathology assistant, whilst completing her master's program in Speech Pathology with the University of Sydney.

Naomi is passionate about helping clients with their communication needs, particularly in the areas of speech and language disorders.

Naomi is available by appointment every Saturday.

I love watching my clients do their best and reach their goals with the help of my guidance. I am passionate in working with clients from multilingual backgrounds (Chinese Cantonese background myself) to help them overcome communication obstacles. I hope to make a positive impact on the lives of my clients

Vision Therapy

With Lisa Raad

OUR VISUAL BRAIN

What is Our Visual Brain?

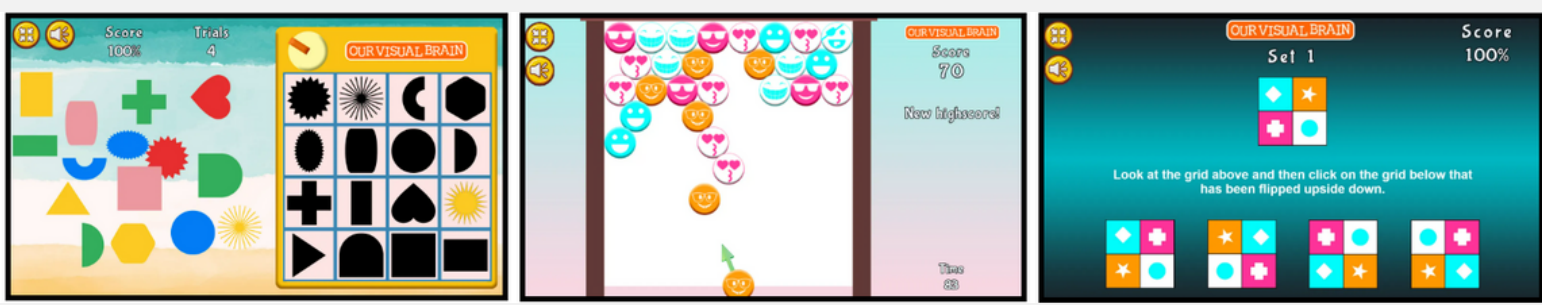

Our Visual Brain (OVB) is a multi-sensory online platform that uses fun and engaging activities to work on key perceptual and academic skills.

Many OVB games resemble popular video games and are tweaked for therapeutic value, in addition to the exercises that resemble familiar in-clinic therapy.

Our patients love that OVB therapy incorporates fun; therapists and parents love that their patients are developing important skills while enjoying the work.

What Kind of Device Can I Use?

OVB is browser-based and works on a PC and a Mac computer, laptop or tablet. If you are using an Apple product, we recommend using Chrome.

This program is exclusively available through Pinpoint Vision, and works as a substitute for face-to-face therapy sessions.

PROGRAMS

LEGO CLUB
